SUMMARY

Full-Stack Developer with experience building and deploying AI-powered tools and scalable web applications using Django and Next.js. Proficient in Python, JavaScript, and Golang, with a strong focus on clean code, API design, and performance optimization. Seeking junior developer opportunities where I can deliver impactful solutions and continue growing my technical and product skills.

SKILLS

- Languages: Python, JavaScript (ES6+), Golang
- Frameworks & Libraries: Django, Next.js, React
- Databases: PostgreSQL
- Tools & Platforms: Git, Docker (basic), Vercel
- Practices: Agile Development, REST APIs

Projects

ToolsEden

A platform offering AI-powered utilities such as an image compressor, PDF converter, SEO analyzer, and blog generators.

- Built scalable Django backend APIs and integrated Gemini for AI capabilities.
- Developed dynamic UI with Next.js and Tailwind CSS.
- Implemented credit-based usage system and Stripe payment integration.

EXPERIENCE

Freelance Full-Stack Developer

- Feb 2025 – Present | Remote
- - Reviewed and optimized Django-based applications for SMEs.
- - Built custom features in existing React/Next.js projects, improving user flow and performance.
- - Consulted on best practices for deployment and DevOps setups.

- **Full Stack Developer | Kadesea Agency**
- Jan 2025 – Mar 2025 | Kenya
- - Collaborated on multiple client web apps built with Next.js and Django.
- - Participated in Agile sprints, code reviews, and feature planning.
- - Integrated APIs and deployed updates on Sitecore-powered enterprise systems.

EDUCATION

Moringa School — Certificate in Software Engineering

2024

- Covered full-stack development with Python, Django, JavaScript, and React.
